7. The sanctioned charge for Malnad allowance to the Hospital Assistant at Yedahalli is Rs. 10 and that in the case of Mudgere is Rs 15 per mensem, the District Funds contributing ⅔rds of the former and the whole of the latter. In reply to his docket
No 2488-94/61 dated the

yesterday, has the
honor to state that
the proposal to feed
the poor sick In-
patients in the Local
Fund Dispensaries
is doubtless good
and philanthropic.-
But the buildings in
this District in which
these Dispensaries are
held are small and
were not intended
for hospitals to admit
In-patients. However

cases of extreme poverty some arrangement may be made to accomodate one or two patients at a time and feed them, but such instances will be of rare occurrence.—

Sir,

With reference to your docket No 2488-94/61 dated 3rd Instant requesting submission of the returns called for in paras 11 and 12 of Devans Proceedings marginally noted regarding the proposals for extension being made for sanctioning additional dispensaries and for providing a fee

No 2187-94/5-5- dated 6th July 1888.

Vaccination Deputy Inspector

I have the honor to state that both the proposals were laid before the Local Fund Board of the district and they were of opinion that provision should be made for these items in the Budget.

2. I beg to refer you to my communications Nos 435 and Camp 1 of 12th January and 6th December 1888 respectively, forwarding the Proceedings of the district Fund Board.

3. Provision for the Deputy Inspectors leave (Rs 72 pay & Rs 22-14- allowance) has been made in the Budget for 1888-89 and for

feeding patients provisions
at Rs 2s- per each of the six dispen-
saries) was made for 1889-90.

4. Extracts from the Proceedings
of the Board alluded to, are sub-
mitted for ready reference.

Pay at-Rs 6 per mensem Rs 72—a—

Travelling allowance at one anna per diem.— — Rs 22-14—a

Total Rs 94-14—a

The Board resolved to thank the Government through the Senior Surgeon for the appointment of a Deputy Inspector of vaccination to this district communicated in his letter No 353 dated 29th October 1889.

It was remarked that, the

usual rate of travelling allowance in other Revenue Departments was not more than $\frac{3}{10}$ths of the pay of such class of servants. The Board however, did not hesitate to pass the increased rate of allowance in consideration of the constant travelling that may be necessary. —

Reso II (C). Feeding in patients and dieting charges in the Taluk Dispensaries at Rs 25 each per annum.—

Total for 6 dispensaries Rs 150.

Resolution. The allotment gives about Rs 2 per month to each dispensary. Instances occasionally arise of cases of severe illness or requiring surgical operations where persons concerned are friendless or destitute or cannot return to their villages.

A discreet and economical expenditure of this small allowance would greatly enhance

the utility and popularity of

these institutions

The Board approve of the

provision. —

Sir,

With reference to your docket No: 2488-94/61 dated the 30: instant, I have the honor to state that a small provision out of the Local Funds for the feeding and cost of In-patients should in my opinion be made

instance.

has come to my notice

that the Hospital Assistants

have gone to the expense

of feeding some miserable

patients themselves. This

should not be expected

of them. While it should

of opinion that it is

advisable that some allot-

10 Budikote.

2. The dieting charges of the in-patients of the Kolar Hospital which has sick wards and beds attached to it, are paid from the district and Municipal funds in the usual proportions of 2/3 and 1/3 respectively

3 The other dispensaries have no such accommodation provided in them the desirability of furnishing the Chikballapur dispensary with a few sick beds. I am

for the benefit of the poor indigent travellers attending it for medical aid has already been brought to notice (vide para of the Revenue Administration Report of the district for 1887-88) 4. The so called in-patients of the outlying Dispensaries are at present confined to stray and destitute persons whom accommodation has to be found wherever available, and who stand in need of State help in the shape of diet. The occasions calling for such help are however few and far between 5. In Kubbapet, Bowringpet, and under where Government Anna Chattrums exist, the cost required for the above purpose can well be met from the monthly allowances of those institutions, but in the other places (except Kolar) which have no feeding houses Sirkar or private, such charges will have to be defrayed from the District Funds, as the income of the Municipalities concerned is too limited to admit of any portion of the cost being borne by the same, and private charity cannot be depended upon

In reply to paras 2 and 3 of your docket No. 3243/328, dated 22nd instant, and in continuation of this office No. 312 dated 14th July last with which extracts from Local Fund Budget Civil charges were forwarded to you, I am only sorry that it is a great pity that the P.W.D. cannot see their way to meeting the public wants in the only way in which they can at all be adequately met. I am unable to reconcile the proposals of the P.W.D. to build a Dispensary without accommodation for in patients with the evident wishes of Government which in the Local Funds Department on several occasions and sanctions accommodation of and expenditure for dieting in patients.

The present rented building at Yedatore has such accomodation. The building of a Dispensary with out such accomodation in Supersession of the existing one is in the circumstances a Retrograde Step and as far as I can judge opposed to the policy of Govern. ment

Sir,

With reference to para 9 of Government Proceedings No. S-640-9 Vol 137 of 18th October 1889 in the matter of making provision for feeding some in patients in Connection with Local fund dispensaries, I have the honor, with a view to giving effect to this in a satisfactory manner, to recommend that a small building be constructed for the accommodation of such patients, say two small rooms 10'×10' each one for a male and one for a female, close to each dispensary building where there is no accommodation available at present close by in the shape of a Government building or Chuttrum.

2.- More likely to require aid in this way such as cases of serious illness, injuries, or accidents, ought be capable of being dealt with and taken in at once and be located close by, so that they may be as much as possible under the eye of the Hospital Assistant who would thus be in the best position to see that all their wants both-

Medical

Medical and dietetic are attended to, which he would not be if they were housed some distance off

3:- Chickballapur dispensary referred to in para 3 of the Proceedings is provided for in this manner by the Conversion of the dead house into a small ward, as the dead house from its close proximity to the dispensary had to be abandoned as such and a new one constructed at a distance. The dead houses at Mulbagal and Srinivasapur ought be abandoned for the same reason and new ones constructed at a distance and if this be done these buildings could be utilized as wards.
